The contract between the Gas Com-

pany and Bloomfield Township, expired

on Sept. 30th.

The Gas Company estimated that

there are 30 miles of gas mains laid in

Bloomfield and Montclair.

Michael Kincannon, who was recently

said to fall for being drunk and disorder-

ly, died there on Thursday.

The handsome new residence on New-

ark avenue, being put up by Mr. Fred

Mohrman, is approaching completion.

Some very heavy machinery to be set

up in Mr. Benson's rolling mill, recently

arrived in Bloomfield.

Messrs. Moore & Hayes have sold the

residence of Mrs. A. H. Taylor on Linden

avenue to Eliza B. French, of New York.

It has been suggested that the pro-

A buggy containing two young ladies

upset opposite the American House last

Sunday afternoon. The ladies were un-

ceremoniously tumbled into the road but

sustained no injuries.

Our fellow-townsmen, Mr. Walter

Freeman, would have treated fishermen

to a genuine surprise at Greenwood Lake

the other day, if his line could have stood

the strain.

Citizens who are anxious for cross-

walks should congregate on the street

corners on Monday afternoon. The Town

Committee will make an inspection of the

town to ascertain where such walks are

most needed.

In the case of Dennis Newport and

Mr. George Bolger against the D. L. & W.

R. R. Company the jury rendered a ver-

dict in favor of the plaintiffs, allowing

Mr. Newport \$175, and Mr. Bolger \$2000.

Letters remaining uncalled for at the  
Glen Ridge Post Office Oct. 1st: Austin,  
J. H.; McCauley, Mrs. Marcell, Lucian;  
Walsh, Miss Kate. THOMAS MORRIS, P. M.  
The Bloomfield delegates at the Pro-  
hibition Assembly Convention were  
Messrs. Geo. Roubaud, Wm. Ellor, Victor  
Weldon, Jas. S. Eltor, John W. Snedeker,  
Edmund A. Smith and Jos. M. Williams.  
John Bollin was engaged in holding  
some machinery at the Essex Paper Mill  
last Saturday. A piece of the machinery  
fell, and striking him on the right leg,  
broke his ankle.  
Mrs. Jacob Bollinback, whose hus-  
band was recently injured at Davy's pa-  
per mills, was suddenly stricken with pa-  
ralysis while paying a visit to him at the  
Newark City Hospital. She was conveyed  
to her home on Belleville avenue, in a po-  
lice ambulance.

First-class tracks, first-class new  
Stephenson cars, first-class accommoda-  
tions in every respect, reasonable fares,  
and cars every half hour between Orange  
and Bloomfield: Such were the inducements  
offered by Mr. Eppley to the Town of  
Bloomfield Wednesday night.  
Jacob Bollinback, an engineer at Da-  
vey's pasteboard mills, met with an ac-  
cident which may result in the losing of the  
sight of his right eye. Mr. Bollinback  
was engaged in cutting one of the shafts  
which was out of order when a piece of  
lead from the steel shaft flew in his eye,  
injuring it badly.  
Thomas W. Smith, Superintendent of  
the Cemetery has been appointed a special  
constable. His duties will be confined to  
the cemetery, and will be without com-  
pensation from the township. The officials  
of the cemetery requested that this ap-  
pointment be made, owing to the depre-  
dations and unruly behavior of a certain  
class who visit the cemetery on Sundays.  
The Ladies' Aid Society of the First  
Presbyterian church has elected the fol-  
lowing board of managers for the year:  
Chairman, Mrs. W. W. Schouler; Mrs. W.  
F. Stubbart, Mrs. Thos. McGowan, Mrs.  
Hall, Mrs. S. G. Crowell, Mrs. Belloni,  
Mrs. Frank Hinkle, Miss Emily Stiles,  
Miss Carrie Stafford, Miss Jennie B. Mor-  
ris and Miss Lizzie Alling.

The trial of Howard Speer before Jus-  
tice Hall on Saturday, ended, on the ap-  
plication of his counsel, David Spiro, in a  
dismissal of the case on an informality in  
the summons. About two weeks since  
Speer was closing his place of business,  
the Glenwood Hotel, when a Scotchman  
named James Rankin asked him to play  
cards. They played 4 games of euchre, all  
of which Speer won, at \$2 a game. Rankin  
sued to get his money back.  
Messrs. Baldwin and Causbrook, re-  
presenting the Gas Company, and Messrs.  
Richards and Benson, who constitute the  
committee on street lights, held a confer-  
ence on Wednesday night. The commit-  
tee informed the representatives of the Gas  
Company that they were willing to spend  
the same amount for gas this year as last  
but on the condition that the lamps burn  
until half-past twelve. The latter gen-  
tlemen said that the Company would make  
their reply in a few days.

A new enterprise has been started  
within two weeks at Soho, on the pre-  
mises formerly occupied by the White Chem-  
ical Company, and better known in by-gone  
years as Adams' Mills. The property has  
been leased by Messrs. Hartman & Wil-  
cox, of New York, and is now known as  
the Phoenix Print Works. The principal  
business of the firm will be the printing of  
cassimere and satinet goods. A small  
portion of the extensive factory is running.  
It will be several weeks before the works  
will be in full operation. A large quantity  
of machinery is arriving daily and being  
put in position. When in complete run-  
ning order the works will give employment  
to over a hundred hands.

Glen Ridge Club Election.  
The annual meeting and election of the  
Glen Ridge Club occurred last Tuesday  
evening. The officers elected for next  
year are as follows:  
President, A. G. Darwin.  
Secretary, E. P. Mitchell.  
Treasurer, Robert G. Thomas.  
Governing Committee: A. R. Frew, A. G.  
Darwin, Joseph D. Gallagher, E. P.  
Mitchell, Robert S. Budd, Robert G.  
Thomas, G. Leo Stout.

Auditing Committee: Theodore M. Ne-  
vius, Halsey M. Barrett, Arthur J. Lock-  
wood.  
At the meeting on Tuesday night it was  
determined to continue during the com-  
ing season, the policy of giving frequent  
entertainments at the club house. The  
successes of last year's series of receptions,  
concerts, dances, card parties and exhibi-  
tions of various sorts, was undoubted.  
There were fifteen entertainments in all  
and some of these supplied by profes-  
sional talent, were of an order of merit  
that would have filled Library Hall, if the  
audience had not been limited by the  
club's rules to the members and their  
families. The Club intends to make its  
programme for this fall and next winter  
spring equally attractive, without re-  
peating, to any great extent, the special  
features of last season.

The report of the Governing Committee  
for the past year shows a membership of  
about sixty, and a generally prosper-  
ous condition of affairs, both financially  
and otherwise. A tennis ground with  
three excellent courts has been added to  
the premises, and a plan for building a  
bowling alley, with a hall overhead for  
amateur theatrical performances and other  
stage entertainments, is under considera-  
tion. The Club long ago passed out of  
the experimental phase of existence, and  
became one of the established social insti-  
tutions of the town.

### Y. M. C. A. Notes.

The Woman's Auxiliary held an in-  
teresting meeting Monday afternoon.  
The meeting Sunday afternoon will be  
of great interest to all. Don't fail to at-  
tend.  
D. S. Moore, the new State Secretary  
of New Jersey, was a visitor at the Asso-  
ciation Rooms last Saturday, and the  
guest of Secretary Harter.

The Sunday afternoon meeting at 4  
o'clock will be led by Marius Belloni.  
Topic: "A backslider brings trouble to  
others." Jonah 1, 1-10.  
At Hope Chapel Dr. Harry E. Rich-  
ards will conduct the service, and at Mont-  
gomery school house, Lewis Dawkins will  
preside.

Monday evening, Oct. 3d, the classes  
in mathematics and gymnastic exercises  
were begun. The former at 7:45 and the  
latter at 9 o'clock. On Wednesday the  
class in German was opened. It is re-  
quested that all those who intend to join  
these classes give their name to the Gen-  
eral Secretary. It is very desirable to  
have all begin at once, as the progress of  
the classes will not then be retarded. A  
membership ticket is all that is necessary  
to join the classes. This young man  
over 16 years of age, of good moral char-  
acter, can obtain by applying to the Gen-  
eral Secretary.

The classes are pronounced a big suc-  
cess. Monday evening the class in mathe-  
matics was opened with 9 in attendance,  
followed by class in gymnastic exercises  
with 12 in class, both conducted by Mr.  
Grant Wheeler. Wednesday evening at  
8 o'clock the class in German under di-  
rection of Mr. C. E. Selbert, opened with  
16 in attendance, and half a dozen who  
will come were unavoidably absent. It is  
hoped that next week all who propose  
joining any of these classes will be pre-  
sent, as it will not be as desirable to the  
class for those entering to do so after the  
class has advanced. Accommodations  
will be furnished for all those who desire  
to join, by getting a \$2 membership ticket  
in the Association.

### Orange.

The Orange Town Council at their  
meeting on Monday night received the  
following communication from E. A.  
Pearson and Francis M. Eppley, holding a  
majority of the stock of the Orange Cross-  
Town and Orange Valley Street Railway  
Company, asking for a franchise to extend  
the line of the company along Washing-  
ton street to the West Orange line, along  
Dodd street to the East Orange line, and  
along Scotland street to Tremont avenue.  
It referred to the opinion of the City Coun-  
cil that the ordinance by which the com-  
pany's present franchise had been granted  
was null and void, and asked that the  
Council pass another ordinance so that  
that there would be no trouble. They  
offered to pay a license fee of \$20 per car  
per year for the increased privileges.  
The communication was referred to the  
committee on railroads.

### Trap Rook is the Best Material in America for Mac-

adamizing Roads.

"In some European countries vehicles with narrow tires pay heavy toll, while  
broad tires go free. A new village ordinance of Medina makes it an offense for a load  
weighing over 3500 pounds to be drawn upon any unmacadamized, paved or improved  
street on a wagon with tires less than four inches in width. The penalty of violation  
is \$25. It would greatly benefit country roads if more broad tires were used, and if  
the width between the wheels on different vehicles were not so uniform as at present."

## FALL ANNOUNCEMENT.

AS ADVERTISING is the POPULAR METHOD  
by which the public are informed, in this age of sharp competition,  
of the pecuniary opportunities opened to their advantage, we take special ple-  
asure in making this general announcement to the citizens of Bloomfield and  
vicinity, as well as to our old friends in particular, that we still adhere to the  
principles we laid down at the beginning:  
1st. To sell nothing but first class goods.  
2d. Always to give weight and measure.  
3d. To sell as low as articles can be afforded in this or any other market.  
4th. Never to misrepresent or exaggerate and to be sure to give an equi-  
valent for the money you receive.  
5th. Never to sell any goods that in their use will do your customers harm.  
To each and all of these general principles we have strictly adhered, hoping  
to promote the best interests of all our patrons by this simple and straight-  
forward way of doing business.

NOW WE WISH TO MAKE THIS ANNOUNCEMENT:

We are adding daily fresh stocks of goods, carefully selected, and of the very best  
varieties that are in demand at this season of the year, and from parties whose high-  
est object is to sell nothing but the choicest quality of goods, and at prices which will  
defy competition. Such as:

FLOUR OF THE HIGHEST GRADES, both family and pastry.

BUTTER, Dairy and Creamery of the most delicious flavor, for family use, by pack-  
age or otherwise. A large stock always on hand.
